Instructions for an Indian TOURIST e-Visa

The Indian Tourist e-Visa is generally approved soon after the application is submitted. It can, however, take up to several weeks to process, so please do not leave applying for your visa to the last minute. Below, we provide step-by-step instructions to make sure you provide the correct information when obtaining your tourist e-visa. Please be aware that the visa websites change frequently and that the information below may not be completely up to date.

You can choose to submit your e-visa application in a variety of ways.

1.. Fill out an online application. This is an easy process and you will need your passport and a passport photo in order to complete the form. We have provided the link and step-by-step instructions to help you through this process. This link will take you to the e-Visa Application.

2. Use a travel broker in your local area. Here is an option in the Salt Lake area: http://thetravelbroker.com/. A travel broker can simplify the process. You fill out the application, and they take it from there. There is a small fee for this service. There will be approximately six sections for you to fill out. Follow the typed instructions and fill out the required information in each section. Here are a few tips/example pages to make this process easier. The pictures are only examples. Do not follow the same text in the pictures.

Select “Apply here for e-visa” on the main page in the bottom left corner.

You will receive an email letting you know that your visa application has been received. Once it has been approved, you will also receive notification by email. You will need to go back to the website, https://indianvisaonline.gov.in/visa/tvoa.html, and verify that your status says “Granted.”

Here are the steps to get your visa after you receive the email stating Granted:

- Click the link to the official website (https://indianvisaonline.gov.in/visa/tvoa.html)
- Click on “Check Your Visa Status.”
- Fill in your application ID and Passport Number
- Click “Print Visa”
- The Visa should have your picture in the top right with a QR code above it.
- Send Shalay a copy at shalay@risingstaroutreach.org and have one printed for yourself. You must have a copy printed to board the airplane.

It is also highly recommended that you make copies of your passport and visa to pack in each of your bags and leave with a family member or emergency contact at home. These copies are essential should you ever lose your actual passport and visa while traveling abroad.
